

QUALTRICS DEVELOPER ADVISORY PROGRAM

Chart the course for Qualtrics integration features

The Qualtrics Developer Advisory Program (QDAP) is a community for existing customers and partners to use, validate and provide feedback on the latest Qualtrics capabilities.

Members get early access to pre-release extensions and API features and can connect with Qualtrics product managers, developers and other technical specialists from around the globe.

UNLOCK AND TEST THE LATEST CAPABILITIES

- + Try out new Qualtrics features and functionality before anyone else
- + Provide critical feedback to help define use cases of specific capabilities
- + Collaborate and connect with other developers who use Qualtrics

JOIN A COMMUNITY OF TECHNICAL EXPERTS

- + Participate in live and virtual events with prizes — including webinars, hackathons and product roundtables
- + Get the latest Qualtrics integration content, news and developments delivered directly to your inbox
- + As part of product roundtable events, you have the opportunity to influence the Qualtrics integration roadmap

MEMBERSHIP REQUIREMENTS

- + Please only sign up if you're in a technical or product role, e.g. a software developer, technical program/product manager
- + We ask that you participate in at least one event every three months — whether that's a workshop or forum discussion
- + Regularly provide feedback via survey or live sessions for feature validations you have opted into
